¹ “CMHI Type” – **SOC6** = six year SOC cooperative agreement; **SOCX4** = four year SOC expansion implementation cooperative agreement; **SOCXP** = SOC expansion planning grant. Only SOC6 cooperative agreements initially funded October 1, 2005 and later are included in this table. When SOC-X4 2012 grantees had also received a 2011 SOC-XP planning grant, then that planning grant is not shown.

² Specific populations of focus in CMHI grants/cooperative agreements for which the Technical Assistance Partnership (TAP) provides TTA. Key: Asian American, Native Hawaiian or Pacific Islander = AANHOPI; African American = AA; child welfare = CW; early childhood = EC; education = E; general = G; juvenile justice = JJ; Latino = L; lesbian, gay, bisexual, transgender, questioning = LGBTQ; military families = MIL; primary healthcare = PC; substance abuse = SA; special education = SpecEd; transition-aged youth = TAY. Numbers indicate specified age range of focal children/youth in CMHI grants/cooperative agreements supported by Technical Assistance Partnership (TAP).

³ Healthy Transitions Initiative [HTI], State Adolescent Treatment – Enhancement and Dissemination [SAT-ED], etc. See complete SAMHSA selection of grants by state/territory at SAMHSA grants locator: <http://www.samhsa.gov/Statesummaries/StateSummaries.aspx>. For more selective (e.g. related to children, youth and families in particular) information see <http://www.samhsa.gov/children/grantees.asp>; and <http://www.promoteprevent.org/grantee-locator>. For information about SAMHSA MH and SA Block Grants see: <http://www.samhsa.gov/grants/blockgrant/>. 1. How are block grant funds currently spent? 2. Does jurisdiction combine MH Block Grant and Substance Abuse Block Grant in a single application? 3. Are there specific set-asides of block grant funds (e.g. for children, youth and families)?

⁴ Selection of waivers that might have particular relevance for systems of care and related approaches reflecting desired BH practices: 1115 demonstration/global, 1915b, 1915c (SED), PRTF, MFP etc.

⁵ “HH” indicates Health Homes for children/youth with MH needs. “ACO” indicates Accountable Care Organization serves children/youth with MH needs. “BHP” indicates Basic Health program. States may choose to establish a BHP to provide coverage to low-income individuals (133-200% of FPL), and to design benefits specifically for that population different from those offered in either Medicaid or the Exchange.

⁶ “YES” indicates state authority has declared decision to expand eligibility for Medicaid up to 138% of Federal Poverty Line [FPL]. “NO” indicates state authority has declared decision not to expand eligibility up to 138% of FLP. “???” indicates state authority is still weighing its options. “ALT” indicates state is proposing/pursuing modified coverage expansion approach to US DHHS. This information updated 7/9/13 at <http://kff.org/medicaid/state-indicator/state-activity-around-expanding-medicaid-under-the-affordable-care-act/>, and enhanced from other sources specifically cited. There is no firm deadline for states to decide this; check back for updates from Kaiser Family Foundation, and from The Advisory Board at: <http://www.advisory.com/Daily-Briefing/2012/11/09/MedicaidMap>.

⁷ Exchanges already exist in MA and UT. “SBM” indicates the state to develop state-based marketplace by 10/01/13. “FFM” indicates state choice of the default Federally-Facilitated Marketplace exchange model. Website for the Federally-Facilitated Marketplace is <https://www.healthcare.gov/>. “SPM” indicates state partnership model (state to conduct some functions for FFM). Selected Navigators, In-Person Assistance (IPA) opportunities noted.

⁸ Reflects year in which Title IV-E waiver is first approved by DHHS-ACF. Waivers are approved for periods of five years, and in exceptional instances can be renewed. “2013AP” indicates the state has submitted an application for a Title IV-E Waiver to DHHS-ACF, whose approval decisions are currently pending.

⁹ “NGA” indicates National Governors Association selection (seven states) for Three Branch Institute on Child Social and Emotional Well-Being. Selected states (May 2013) to improve social and emotional well-being of children in foster care through an integrated and comprehensive approach that aligns the work of the executive, legislative and judicial branches of government. See: www.nga.org/cms/center/ehsw.

¹⁰ SSHS grantees funded in 2007 or more recently are noted in this matrix.

¹¹ “S3” = Safe and Supportive Schools 4-yr. grants awarded 2010 by US Dept. of Education to state departments of education in: AZ, CA, IA, KS, LA, MD, MI, SC, TN, WV, WS: <http://safesupportiveschools.ed.gov/index.php?id=106>

¹² Race to the Top Education grants from US Dept. of Education (see <http://www.ed.gov/category/program/race-top-fund>) were awarded: **RTT1** – March 2010; **RTT2** – August 2010; and **RTT3** – December 2011. 16 large Race to the Top – District (**RTT-D**) awards were announced in 12/12 and are detailed at <http://www2.ed.gov/programs/racetothetop-district/awards.html>. Race to the Top – Early Learning Challenge/Phase I (**RTT-ELC I**) grants were made in 2011 to nine states: CA, DE, MD, MA, MN, NC, OH, RI and WA; and Early Learning Challenge/Phase II (**RTT-ELC II**) awards were made to five states in December 2012: CO, IL, NM, OR and WS.

¹³ All states and territories, except Wyoming, receive Juvenile Justice Diversion and Prevention Act [JJDP] Title 2 formula grants, and Juvenile Accountability Block Grants [JABG] that are both administered by State Advisory Groups (SAGs). Formula grants require three-year plans that must include focus on reducing Disproportionate Minority Contact [DMC].

¹⁴ MacArthur Foundation *Models for Change* [MC] - <http://www.modelsforchange.net/about/States-for-change.html>: IL, LA, PA and WA; DMC partner states = KS, MD, NC and WS; MH/JJ Action partners = CO, CT, OH and TX. The *Reclaiming Futures* [RF] model (<http://www.reclaimingfutures.org/model>) has been funded by the Robert Wood Johnson Foundation in 37 sites in 18 states since 2002 to unite juvenile courts, probation, substance abuse treatment and communities to improve drug and alcohol treatment and connect teens to positive activities and caring adults, including juveniles re-entering communities from secure detention/incarceration settings.

¹⁵ “YES” indicated state participated in SAMHSA’s State Policy Academy on Preventing Mental and Substance Use Disorders in Children and Youth (2012). Participating states to develop actionable plans “to invest in prevention and broaden their efforts to include promotion of mental, emotional and behavioral health.”

¹⁶ Two types of Promise Neighborhoods grants are awarded by the U.S. Department of Education: Planning grants, and Implementation grants. Grant awards are described at: <http://www2.ed.gov/programs/promiseneighborhoods/awards.html>. This table reflects which type of grant has been awarded, as well as the first year of funding for each award. Additional information on Promise neighborhoods grants is available at: <http://www.cssp.org/community/neighborhood-investment/place-based-initiatives/promise-neighborhoods>.

¹⁷ Selected opportunities as specified. “RWJF” designates Robert Wood Johnson Foundation-sponsored State Health Reform Assistance Network, operated by Center for Health Care Strategies, “dedicated to providing technical assistance to states in order to maximize coverage expansion under the Affordable Care Act (ACA).” See <http://www.rwjf.org/en/grants/grantees/state-health-reform-assistance-network.html>. Ten states are network members.

DHHS has expressed support for the concept, has not yet (7/9/13) approved an actual plan.

²⁹ Governor Mike Beebe (D) signed a bill (SB 1189) setting licensing requirements for “navigators” within the state’s partnership Health Insurance Marketplace. The bill creates four categories of consumer assistance employees: certified licensed producers, navigators, certified application counselors, and guides. While the requirements and duties of each category vary, all must undergo a background check and meet applicable state insurance laws. Additionally, only certified licensed producers may receive compensation from health insurers. An RFP for IPA Guide Program was issued April 2013. ²³⁷ U.S. territories may expand Medicaid to individuals/families making less than 133% of FPL, but will receive their 55% FMAP rate to support the expansion, not the enhanced rates available to states and District of Columbia.

²³⁸ Section 1323 of the Affordable Care Act establishes the territories’ ability to establish exchanges, and provides that a territory that elects to establish an exchange will be “treated as a state” for the purposes of the exchange standards in Sections 1311-1313 of the Affordable Care Act. Kathleen Sebelius notified territorial governors in her 12/10/12 letter that they have until October 1, 2013 to declare their intentions; notwithstanding that deadline, a territory-run exchange must be operational by 10/01/13; and that a territory may not declare its intention to establish an exchange at any time after 10/01/13.
